

# It's no secret we specialise in publications for schools, but it's not just yearbooks and diaries.

Did you know we have our own team of highly skilled graphic designers who design everything from prospectuses and curriculum books to certificates, flyers, expo collateral, magazine ads, invitations, signage and display and so much more?

**You name it we can design it!**

We know schools and chances are, we are already very familiar with your brand style guide. Chat to our team about your school's next print project.

## Graphic Design **Services**
